ADDRESS OF THE INSTITUTION:

NAMES AND ADDRESSES OF CO-AUTHORS:

FHaghverdi93@gmail.com

NAME AND ADDRESS OF THE INSTITUTE:

IR.SBMU.MSP.REC.1397.676

Date of Submission: 1397/11/6

RESEARCH INSTITUTE:

Journal of Research in Medical Sciences - Kashef Branch

SHAHRE:

1. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

2. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

3. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

4. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

5. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

6. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

7. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

8. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

9. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

10. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

11. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

12. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

13. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

14. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

15. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

16. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

17. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

18. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

19. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

20. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

21. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

22. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

23. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

24. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

25. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

26. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

27. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

28. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

29. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

30. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

31. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

32. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

33. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

34. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

35. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

36. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

37. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

38. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

39. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

40. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

41. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

42. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

43. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

44. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98

45. Evaluation of correlation of serum B12 level with albuminuria in diabetes mellitus patients referring to loghman hakim hospital during 1397-98
